

Spiritual Growth

The Board of Deacons is involved with two organizations dedicated to meeting people's immediate spiritual needs. Contact moderator@firstchurchlf.org

Interfaith Center of Lake Forest College fosters spiritual growth and includes 10 different religious organizations. Weekly activities and special events allow people to learn about new religions, and meet people of their own religion. Lake Forest College and First Church are in a covenant relationship and are across the street from each other.

Lake Forest Hospital Chaplaincy meets the emotional and spiritual needs of patients, families, and staff at Lake Forest Hospital. The Clinical Pastoral Educational program also meets the needs of seminarians, clergy, and qualified lay people for required course credit units before ordination and/or continuing education.
